

Weed & Pest Happenings

Brought to you by Laramie County Weed and Pest

July · August · September · 2023

Volume 6 Number 3

WEEDS, WEEDS, NOXIOUS WEEDS!!!

They are everywhere this summer! Dalmatian toadflax, canada thistle, leafy spurge, cheatgrass, bindweed --- oh, my --- need I continue?

It would be an awesome world if everyone would be responsible to take care of the noxious weeds on their own property. But since that is not happening, what can we do or how could we help?

Let's be proactive and talk with our friends and neighbors to help them understand how important it is to keep noxious weeds out of Laramie County. Our native plants and grasses depend on us to keep Wyoming beautiful for our entire economy, agriculture, outdoor recreation, tourism, environment, and wildlife.

Laramie County Weed & Pest can help. Just give us a call at (307) 245-3213. We have multiple ways to assist with your noxious weeds.

Weed & Pest cost shares on products purchased for spraying the noxious weeds when your property is in Laramie County. Stop by either Pine Bluffs or Archer. Also cost share reimbursement is available if a custom applicator sprays for you.

Sign up for our Special Management 5-year program if dalmatian toadflax, leafy spurge, diffuse knapweed, and spotted knapweed are your main weed problems.

A weed inspection will answer what weeds you have and provide solutions for you.

Let us help --- that is what we do!
